

1. Continue to develop a process to obtain and evaluate pedestrian and bike usage metrics throughout the City with the intent of establishing trends and opportunities for improvements to the network. Leverage the conclusions of the B/PAC analysis of the 2009 Mayfield-Whisman count data. **(Subcommittee: Angelo/England)**
2. Participate in the design and implementation of future bicycle boulevard routes outlined in the 2008 Mountain View Bicycle Transportation Plan.
3. Promote, identify and solicit feedback on additions or improvements to pedestrian and bicycle facilities, including City-owned bicycle parking facilities and the operation of City-owned traffic signals.
4. Promote and support Bike-To-Work Day (May 13, 2010) and Month, Walk-To-School Day (October 6, 2010) and other regional pedestrian- and cycling-related events. Consider proposing that the City council issue a Bike-To-Work Month proclamation. **(Subcommittee: Meyer/Malone)**
5. Contribute to, review, promote and distribute bicycling and pedestrian education and awareness information, including offering bike education classes in English and Spanish. Special topics of concern include increasing the comfort level of bicyclists to reduce cycling on sidewalks, improving the safety of cyclists riding at night and encouraging the use of multi-modal transit centers. **(Subcommittee: Meyer/Angelo)**
6. Monitor progress of current/planned bicycle and pedestrian projects, contribute technical expertise and advocate for their construction.
7. Promote routine accommodation of bicycles and pedestrians in accordance with AB1358, Complete Streets Act.
8. Support bikeway network and pedestrian improvement projects in neighboring cities/government jurisdictions.
9. Provide input during review of proposed development standards related to bicycle and pedestrian facilities.
10. Look into ways to improve Mountain View's status as a Bicycle Friendly Community.
11. Work with the B/PAC staff liaison to coordinate meetings with City Committees, commissions and City staff (including those in Public Works, Recreation and Public Safety).

12. Contribute to the ongoing Pedestrian Master Plan. (**Subcommittee: England/Meyer**)

13. Collect and track public inquiries so they are responded to, "as completely as possible" once all necessary information has been collected; in many cases, responses will be delivered at later dates. The repository for content is "Ask Mountain View."
